Kalpesh,

If you have a partial due diligence list that you may available, please send over. Our workload will be light next week, giving us time to put things together.

Kind regards,

Charles

If we can get that diligence material prior to our meeting on the 6th it will be highly helpful with the overall process.

It would help if we can set a time (only restriction I have is that I need to leave early that evening), participants on your side and meeting place. My suggestion would be 10 to 2 but can be flexible. If you could confirm, send us participants on your side, location of meeting, etc. I will incorporate into the agenda.
